Kagan,2019-03-01 The Spanish Craze is the compelling story of the centuries long U S fascination with the history literature art culture and architecture of Spain Richard L Kagan offers a stunningly revisionist understanding of the origins of hispanidad in America tracing its origins from the early republic to the New Deal As Spanish power and influence waned in the Atlantic World by the eighteenth century her rivals created the Black Legend which promoted an image of Spain as a dead and lost civilization rife with innate cruelty and cultural and religious backwardness The Black Legend and its ambivalences influenced Americans throughout the nineteenth century reaching a high pitch in the Spanish American War of 1898 However the Black Legend retreated soon thereafter and Spanish culture and heritage became attractive to Americans for its perceived authenticity and antimodernism Although the Spanish craze infected regions where the Spanish New World presence was most felt California the American Southwest Texas and Florida there were also early quite serious flare ups of the craze in Chicago New York and New England Kagan revisits early interest in Hispanism among elites such as the Boston

book dealer Obadiah Rich a specialist in the early history of the Americas and the writers Washington Irving and Henry Wadsworth Longfellow He also considers later enthusiasts such as Angeleno Charles Lummis and the many writers artists and architects of the modern Spanish Colonial Revival in the United States in the late nineteenth and early twentieth centuries Spain s political and cultural elites understood that the promotion of Spanish culture in the United States and the Western Hemisphere in general would help overcome imperial defeats while uniting Spaniards and those of Spanish descent into a singular raza whose shared characteristics and interests transcended national boundaries With elegant prose and verve *The Spanish Craze* spans centuries and provides a captivating glimpse into distinct facets of Hispanism in monuments buildings and private homes the visual performing and cinematic arts and the literature travel journals and letters of its enthusiasts in the United States *Tobacco* Charles A.
