The Other Hand Clapping:

The Other Hand Clapping Marco Vassi, 2011-04-01 Larry and Eleanor had been married for four years when Larry first began studying Zen seriously. Now two years later Larry stands facing a mirror. He has entered into the great doubt, a psychological impasse in his studies that threatens to rip his marriage apart. Soon Larry's mind is overtaken by suspicion of infidelity on the part of Eleanor. Is the evidence real? Is it a hallucination brought about by his meditation? Or is this all some sort of metatheater acted out by a wife feeling her husband slip away? Whatever the case, passion inevitably transforms into suspense, and all encompassing distrust pushes the couple toward a possibly violent climax. Author Marco Vassi was possibly the greatest erotic writer of his generation. His first publisher at Olympia Press, Maurice Girodias, compared his prose to Henry Miller's. Although his life was cut short, his memory lives on here with the release of *The Vassi Collection*. **One Hand Clapping** Nikolay Kukushkin, 2025-10-23 Brilliant, bold, and beautifully articulated. Karl J. Friston, Professor of Neuroscience, University College London, Neuroscientist Nikolay Kukushkin reveals the miracle by which consciousness evolved out of the natural world, from the birth of the cell to the majesty of our modern minds. Science says that you are nothing but a chemical reaction, a collection of atoms and molecules like rocks, paperclips, and everything else in the physical universe. But if that's so, where is the place in this world for your consciousness? In a word, why does it feel so special to be you? Like the Zen Buddhist riddle pondering the imponderable, the sound of a single hand clapping, this book asks the seemingly unanswerable question of how the human mind came to exist within the material world. In search of an answer, neuroscientist Nikolay Kukushkin takes readers on a billion-year journey through time from the roots of our existence to the advent of Homo sapiens, reimagining the story of our evolution. The result is an exhilarating book that embeds our consciousness within a single, unified story of life on Earth. A work of ambitious intellectual scope, *One Hand Clapping* is distinguished as much by its originality as by the breadth of its imaginative reach, drawing from neuroscience, evolution, philosophy, and a rich tapestry of cultural references, all brought to life by the author's own illustrations. Told with the drama and daring of a mythical epic, it reaches deep into our oceanic past to show for the first time how the entire course of Earth's history, from the earliest non-living particles ultimately led to the formation of our own minds. ***The Sound of One Hand Clapping*** Steven Day, 2020-05-20 Jessie and Vanity are just out of high school and they have both become famous overnight. The world is their oyster, but the pearl isn't where it's supposed to be. A mural of Jessie's journey as she navigates through the creative process and into what Ken Kesey called *The Combine*. Through six parts, her story unfolds: Love, Birth, Fear, Pain, Death, and Peace. A story about Spiritual Enlightenment, Zen, Taoism, Advaita, Vedanta, Christian Mysticism. ***The Sound of One Hand Clapping*** Richard Flanagan, 2014-05-13 A sweeping novel of world war, migration, and the search for new beginnings in a new land. *The Sound of One Hand Clapping* was both critically acclaimed and a bestseller in Australia. Recognized with the Australian Booksellers Book of the Year Award and the Vance Palmer Prize for Fiction, it now introduces to an international
